It is made permanently available for inspection at the Company's website <https://aktie.bvb.de/en/> under "Corporate Governance"/"Corporate Governance Declaration". The above information on the occupations of the Supervisory Board members was most recently updated on 30 June 2026. For information on their activities on other statutory supervisory boards or comparable German or foreign supervisory bodies of commercial enterprises, please refer to the disclosures in the notes to the annual financial statements and the notes to the consolidated financial statements. For details of the current

composition of the body with resumes and further information on the respective members (updated annually), please see our website <https://aktie.bvb.de/en/> under "BVB at a Glance"/"Supervisory Board". This information includes the month and year in which the respective member joined the Supervisory Board, thereby also indicating their length of service.

The Supervisory Board exercises a supervisory function and monitors the management in the conduct of the Company's business. In accordance with Article 6 (4) sentence 2 of the Articles of Association, the general partner requires the prior written consent of the Supervisory Board in order to:

- a) acquire or sell real estate and equivalent rights if the value of the individual transaction exceeds EUR 40 million;
- b) establish enterprises or acquire equity interests if the amount proposed for investment (including the purchase price, if applicable) within 3 years of the enterprise being established or the equity interest being acquired exceeds EUR 40 million;
- c) sell parts of the business or equity interests in other companies if, in the last financial year before the sale, those parts of the business or equity interests accounted for more than 30% of the sales and/or 30% of the employees of all entities in which the company holds a majority interest;
- d) issue bonds or extend or accept loans if the value of the individual transaction exceeds EUR 40 million.

Otherwise, material transactions between the general partner and certain related parties on the one hand, and the Company on the other within the meaning of §§ 89, 112 in conjunction with §§ 278 (3), 283 no. 5 AktG (e.g., the granting of loans) and in accordance with § 111b AktG (related party transactions) require the consent of the Supervisory Board.

The working principles of the Supervisory Board are laid down in detail in rules of procedure enacted by it. These are published on our website <https://aktie.bvb.de/en/> under "Corporate Governance"/"Rules of Procedure of the Supervisory Board". The Supervisory Board details its work each year in a separate Report of the Supervisory Board.

The responsibilities of a supervisory board for a German partnership limited by shares (*Kommanditgesellschaft auf Aktien*, "KGaA") are less extensive than the responsibilities of a supervisory board for a German stock corporation (*Aktiengesellschaft*, "AG"). Specifically, the Supervisory Board has no authority to appoint and dismiss Managing Directors of Borussia Dortmund Geschäftsführungs-GmbH or to stipulate the terms of their service agreements. Nor is the Supervisory Board authorised to adopt internal rules of procedure or a list of transactions requiring its consent on behalf of the general partner as authorised governing body of the Company. Rather, such rights and duties are vested in the governing bodies of Borussia Dortmund Geschäftsführungs-GmbH, namely its Advisory Board and the Executive Committee created by the Advisory Board. With

respect to appointing managing directors, Borussia Dortmund Geschäftsführungs-GmbH is therefore not subject to the obligation incumbent on the supervisory board of a German stock corporation (*Aktiengesellschaft*) pursuant to § 111 (5) AktG to define a gender balance target for the executive board. Accordingly, no diversity policy pursuant to § 289f (2) no. 6 and (3), and § 315d HGB can be described with respect to the composition of our Company's authorised governing body.

However, the fact that the Supervisory Board has no ability to exert a direct influence on the actions of the management limits neither its right to receive information nor its obligation to monitor and review the actions of the management. The Supervisory Board discusses the quarterly statements and half-yearly financial statements, and reviews the annual and consolidated financial statements of Borussia Dortmund GmbH & Co. KGaA, taking into account the reports of the auditor, and the sustainability reports. The annual financial statements are adopted not by the Supervisory Board but rather in turn by the Annual General Meeting.

The Supervisory Board meets at least four times per year and can convene additional meetings if so requested by a member of the Supervisory Board or by the general partner.

The Supervisory Board has formed an Audit Committee that comprises three members and convenes at least two meetings per financial year. The Audit Committee is responsible primarily for monitoring the accounting process, the effectiveness of the internal control system, the risk management system and the internal audit system, the audit of the financial statements (in particular the selection and independence of the statutory auditor and the quality of the audit), the audit of the accounting, sustainability reporting and compliance. Among other things, it prepares the resolutions regarding the election of the statutory auditor, the award of the audit engagement to the statutory auditor and numerous other decisions of the Supervisory Board (for instance, regarding the adoption or approval of annual and consolidated financial statements, the appropriation of net profit and the dependent company report). Furthermore, the Audit Committee discusses fundamental accounting and auditing issues with the statutory auditor (including the audit risk assessment, audit strategy, audit plan and audit findings), monitors the independence of the statutory auditor, and oversees the additional services provided by the statutory auditor and the fee agreement.

The chairperson of the Audit Committee regularly discusses the progress of the audit with the statutory auditor's representatives and reports back to the Committee. The latter also consults regularly with the representatives of the statutory auditor without the Managing Directors of the general partner. As at 30 June 2026 and the publication date of this declaration, the Audit Committee, the composition of which for the previous financial year is also presented in the Report of the Supervisory Board, comprised the following members: Dr Bernhard Pellens (Chairperson), Mr Ulrich Leitermann (Deputy Chairperson) and Ms Silke Seidel. In accordance with the new provisions under § 100 (5) AktG as amended by the German Act to Strengthen Financial Market Integrity

(*Finanzmarktintegritätsstärkungsgesetz*, "FISG") dated 3 June 2021, all members of the Committee have expertise in the field of accounting, and both Dr Pellens and Mr Leitermann also have expertise in the field of auditing; due to their respective training/qualifications and work in the fields of accounting and auditing, Dr Pellens and Mr Leitermann also have special knowledge and experience in the application of accounting principles and internal control and risk management systems, as well as special knowledge and experience in the auditing of financial statements (also including sustainability reporting and its audit and assurance) within the meaning of recommendation D.3 sentences 1 and 2 of the Code.

Otherwise, issues are deliberated and all resolutions are passed by the full Supervisory Board. The Supervisory Board has not formed any other committees. The resolutions of the Supervisory Board are generally adopted during meetings. It is also possible, if so ordered by the Chairperson, for the Supervisory Board to pass resolutions by other means described in greater detail in the Articles of Association of the Company and the rules of procedure for the Supervisory Board.

In the assessment of the Supervisory Board, which comprises solely shareholder representatives, all of the members currently in office (Ms Judith Dommermuth, Ms Silke Seidel, Mr Matthias Bäumer, Mr Bernd Geske, Mr Ulrich Leitermann, Dr Reinhold Lunow, Dr Bernhard Pellens, Mr Christian Schmid and Mr Michael Zorc) are classified as independent within the meaning of recommendations C.6 to C.8 of the Code; moreover, recommendations C.9 and C.10 of the Code were not taken into consideration in making this assessment as the Company has no controlling shareholder. Ms Judith Dommermuth, Ms Silke Seidel, Mr Matthias Bäumer, Mr Bernd Geske, Mr Ulrich Leitermann and Mr Christian Schmid are likewise considered independent with respect to the indicators specified in recommendation C.7 of the Code. The reasons for this are as follows:

- Mr. Bäumer is a member of the Management Board (Chief Commercial Officer) of PUMA SE, Herzogenaurach. Our Company and Group company BVB Merchandising GmbH have mutual business and supply relationships with PUMA SE and its group companies, in particular with regard to sponsorship and the supply of sportswear to professional sports teams, and in the area of merchandising, which are subject to standard market terms and conditions. The Supervisory Board considers Mr Bäumer to be independent for the following reasons: Firstly, the above business and supply relationships are not considered sufficiently material that they could cast doubt on his independence. Secondly, at present PUMA SE only holds 5.32% of the Company's voting rights. Thirdly, Mr Bäumer will notify the Supervisory Board should a material conflict of interest nevertheless arise in specific points having regard to his position on the Supervisory Board. He will then refrain from participating in the discussions on such matter to be resolved on and abstain from any vote to be held in that regard. To date, Mr Bäumer's membership of the Supervisory Board has not given rise to any conflicts of interest, and the above business and supply relationships do not require the consent of the Supervisory Board in accordance with

the law or the Articles of Association. Consequently, the Supervisory Board continues to consider Mr Bäumer to be independent.

- Ms Dommermuth is the wife of Mr Ralph Dommermuth. Mr Dommermuth is the Chairperson of the Executive Board of 1&1 AG, Montabaur. At the time of Mrs Dommermuth's most recent election as a member of our Company's Supervisory Board, our Company and 1&1 AG maintained mutual business relationships, in particular with regard to sponsorships, which were subject to standard market terms and conditions. The Supervisory Board also considers Ms Dommermuth to be independent for the following reasons: Firstly, the aforementioned former business relationships were not considered sufficiently material that they could cast doubt on her independence. Secondly, Mr Dommermuth held and holds an indirect shareholding (via various holding companies) amounting to just 5.03% of the Company's voting rights. Thirdly, Ms Dommermuth will notify the Supervisory Board should a material conflict of interest nevertheless arise in specific points having regard to her position on the Supervisory Board. She will then refrain from participating in the discussions on such matter to be resolved on and abstain from any vote to be held in that regard. To date, Ms Dommermuth's membership of the Supervisory Board has not given rise to any conflicts of interest, and the aforementioned former business and supply relationships do not require the consent of the Supervisory Board in accordance with the law or the Articles of Association. Consequently, in this respect the Supervisory Board likewise continues to consider her to be independent.
- Mr Geske has been a member of the Supervisory Board since 22 November 2005. In accordance with one of the indicators in recommendation C.7 of the Code, it must be taken into consideration when assessing the independence of Supervisory Board members that Mr Geske has been a member of the Supervisory Board for more than 12 years. The Supervisory Board is convinced that Mr Geske will continue to perform his duties as he has done to date, and will continue to contribute his economic expertise to discussions. By comparison, the length of his service on the Supervisory Board seems of secondary importance. Consequently, the Supervisory Board continues to consider Mr Geske to be independent.
- At the time of Mr Leitermann's most recent election as a member of our Company's Supervisory Board, Mr Leitermann was Chairperson of the Managing Boards of group parent companies of the SIGNAL IDUNA Group, Dortmund, SIGNAL IDUNA Allgemeine Versicherung Aktiengesellschaft, Dortmund, and SIGNAL IDUNA Holding Aktiengesellschaft, Dortmund; he is currently the Chairperson of the Supervisory Boards of the aforementioned companies. At the time of Mr Leitermann's most recent election as a member of our Company's Supervisory Board, our Company and companies of the SIGNAL IDUNA Group maintained and also continue to maintain business relationships, in particular with regard to sponsorships and the insurance product "Versicherung09", which were and are

subject to standard market terms and conditions. The Supervisory Board considers Mr Leitermann to be independent for the following reasons: Firstly, the above business relationships are not considered sufficiently material that they could cast doubt on his independence. Secondly, at present SIGNAL IDUNA Group only holds 5.98% of the Company's voting rights. Thirdly, Mr Leitermann will notify the Supervisory Board should a material conflict of interest nevertheless arise in specific points having regard to his position on our Company's Supervisory Board. He will then refrain from participating in the discussions on such matter to be resolved on and abstain from any vote to be held in that regard. To date, Mr Leitermann's membership of the Supervisory Board has not given rise to any conflicts of interest, and the above business relationships do not require the consent of the Supervisory Board in accordance with the law or the Articles of Association. Consequently, the Supervisory Board continues to consider Mr Leitermann to be independent.

- Ms Seidel is a senior executive at Dortmunder Stadtwerke Aktiengesellschaft and Managing Director of Hohenbuscher Beteiligungsgesellschaft mbH, both with registered office in Dortmund. Our Company and the two companies referred to above maintain mutual business relationships with respect to developing the land on which Borussia Dortmund's training centre in Dortmund-Brackel is located. These relationships are subject to standard market terms and conditions. The Supervisory Board considers Ms Seidel to be independent for two reasons: Firstly, the above business relationships are not considered sufficiently material that they could cast doubt on her independence. Secondly, Ms Seidel will notify the Supervisory Board should a material conflict of interest nevertheless arise in specific points having regard to her position on the Supervisory Board. She will then refrain from participating in the discussions on such matter to be resolved on and abstain from any vote to be held in that regard. To date, no conflicts of interest have arisen during Ms Seidel's membership of the Supervisory Board. Consequently, the Supervisory Board continues to consider Ms Seidel to be independent.
- Mr Schmid is Group General Counsel of Evonik Industries AG, Essen. Our Company and Evonik Industries AG maintain mutual business relationships, in particular with regard to sponsorship, that are subject to standard market terms and conditions. The Supervisory Board also considers Mr Schmid to be independent for the following reasons: Firstly, the above business relationships are not considered sufficiently material that they could cast doubt on his independence. Secondly, at present Evonik Industries AG only holds 8.19% of the Company's voting rights. Thirdly, Mr Schmid will notify the Supervisory Board should a material conflict of interest nevertheless arise in specific points having regard to his position on the Supervisory Board. He will then refrain from participating in the discussions on such matter to be resolved on and abstain from any vote to be held in that regard. To date, Mr Schmid's membership of the Supervisory Board has not given rise to any conflicts of interest, and the above business and supply relationships do not require the consent of the Supervisory Board in accordance with the law or the Articles of Association.

Consequently, in this respect the Supervisory Board likewise considers him to be independent.

On a regular basis, the Supervisory Board assesses its effectiveness in fulfilling its tasks, in accordance with recommendation D.12 of the Code. The aim is to assess the effectiveness and efficiency of the Supervisory Board's work and identify potential action areas. The most recent such self-evaluation of the Supervisory Board and of the Audit Committee was conducted in February 2024. An independent external specialist assisted and will assist the Supervisory Board in designing, carrying out and evaluating this self-assessment, which was based on a comprehensive questionnaire. The material topics were and will be a compliance check, which covered in particular compliance with the law and the Articles of Association, and a best practice analysis, which covered in particular cooperation within the Supervisory Board and the Audit Committee, how regularly meetings are held, the preparation for and conduct of meetings, and the provision of information and cooperation with the managing directors of the general partner. The assessment was then completed after the responses to the questionnaire were evaluated and the Supervisory Board and the Audit Committee discussed the results. Following the most recent self-assessment in 2024 and the successful implementation of the specific measures identified to further improve the relevant activities, another assessment of the effectiveness of the work of the Supervisory Board and the Audit Committee will be carried out in 2026. In designing, conducting and evaluating the self-assessment, the Supervisory Board will once again be assisted by an independent external specialist.

For further details relating to the Supervisory Board, please refer to the section entitled "Corporate governance reporting" below and to the separate Report of the Supervisory Board.

Limited liability shareholders and Annual General Meeting

Our limited liability shareholders exercise their rights at the Annual General Meeting of the Company. The Annual General Meeting is held within the first eight months of each financial year. It is chaired by the Chairperson of the Supervisory Board and resolves on all matters for which it is responsible pursuant to the law. Our objective is to render the participation of the limited liability shareholders in the Annual General Meeting as easy as possible. In that vein, the necessary documents are made available to attendees online. A proxy is appointed for the limited liability shareholders to exercise their voting rights as instructed. However, additional features specific to the KGaA's Annual General Meeting are set forth primarily in §§ 285 and 286 (1) AktG and in the Company's Articles of Association.

STIPULATIONS REGARDING GENDER BALANCE TARGETS FOR THE SUPERVISORY BOARD AND FOR THE TWO MANAGEMENT LEVELS BELOW THE GENERAL PARTNER AS WELL AS DISCLOSURES ON THE ACHIEVEMENT OF THE STIPULATED TARGETS

On 25 November 2024, the Supervisory Board resolved to implement a two-ninths (rounded to 22.22%) target for female members on the Supervisory Board of Borussia Dortmund GmbH & Co. Kommanditgesellschaft auf Aktien ("Company") to be achieved between 26 November 2024 and 31 December 2028 (four years), and issued the following grounds and reasoning: "The Supervisory Board of the Company comprises nine members, of which – following the elections held at the Annual General Meeting on 25 November 2024 – two women and seven men. Thus, two-ninths (rounded to 22.22%) of Supervisory Board positions are held by women. The term of office of all Supervisory Board members currently serving will expire at the conclusion of the Annual General Meeting which will resolve to ratify the actions of the members for financial year 2027/2028. The determination period thus covers the pending elections of nine Supervisory Board members as at the end of the aforementioned term of office (or until that date if they resign their board membership early). In light of this, the target of two-ninths (rounded to 22.22%), which reflects the status quo, appears appropriate for the ratio of women on the Supervisory Board." The current proportion of women on the Supervisory Board thus meets the current gender balance target. On 22 May 2021, the Supervisory Board had previously set a two-ninths (rounded to 22.22%) target for female members on the Supervisory Board, to be achieved by 31 December 2024. This period was effectively shortened to 25 November 2024 (deadline). With women accounting for two-ninths of the Supervisory Board members, the target was therefore achieved by the deadline as at 25 November 2024.

On 30 June 2026, the management of Borussia Dortmund Geschäftsführungs-GmbH resolved as the Company's general partner to define the gender balance target for women on the two management levels below the general partner as follows: for the first management level two-tenths (20.0%) and for the second management level four-nineteenths (rounded to 21.0%), and to set 1 July 2026 to 30 June 2031 (five years) as the period in which to achieve its respective target ("new deadline"), in accordance with the following reasoning and explanation: "To date (30 June 2026), (i) the directors employed by the Company who form the first level of management below the general partner numbered 8 people, of whom 1 woman (12.5%); and (ii) the departmental heads employed by the Company who form the second level of management below the general partner numbered 20 people, of whom 4 women (20.0%). Due to the restructuring of the first and second levels of management planned for the first financial year of the period leading up to the deadline and, to some extent, the new appointments that have already been made, the Company firmly believes that it will be able to further improve its targets in the period leading up to the deadline compared with the previous period. Therefore, the aim going forward is for the first level of management to consist of 10 people, 2 of whom are women, representing a gender balance target of two-tenths (20.0%), and for the second level of

management to consist of 19 people, 4 of whom are women, representing a gender balance target of four-nineteenths (rounded to 21.0%). For the new period leading up to the deadline, the gender balance targets set for the management levels appear appropriate, as the percentage of women has already been partially improved compared with the previous target and is set to be further increased with the new targets. Should there be a need during the period to fill any new positions at the aforementioned management levels, the respective new gender balance target explicitly does not preclude a further increase in the percentage of positions held by women, particularly if they are suitably qualified and capable. This is based on the experience from prior periods and the general aim to further increase the number of women employed throughout the Group (regardless of management positions). Nevertheless, account must be taken of the fact that, due to the age structure and low staff turnover among managers, the targets now set mark the starting point for the Company's efforts to continuously improve its gender balance targets. On 30 June 2021, the management had previously resolved to implement the following gender balance targets for the two management levels below the general partner, each with a target achievement date of 30 June 2026 ("previous deadline"): for the first management level one-eighth (12.5%), and for the second management level two-fifteenths (rounded to 13.33%). As at 30 June 2026, women accounted for 12.5% of the employees at the first level of management and for 20.0% at the second level of management. Accordingly, the previously set respective gender balance targets had therefore been met or even exceeded during the previous period. Having in part already increased the percentage of women it employs, the Company is introducing these new gender balance targets in order to further improve in this regard.

DIVERSITY POLICY

Values such as diversity, respect and acceptance are the hallmarks of our corporate culture throughout the Group. This affects all levels of the corporate hierarchy, including appointments to governing bodies. For the reasons already outlined, the Company does not currently pursue a separate diversity policy pursuant to § 289f (2) no. 6 and (3), and § 315d HGB that goes above and beyond the objectives outlined in this declaration with respect to the composition of the Supervisory Board.

CORPORATE GOVERNANCE REPORTING

Our Company believes it is essential for corporate governance to be clearly structured and effective. Corporate governance embodies a responsible and transparent system of checks and balances designed to ensure a continued focus on sustainable value creation. Efficient cooperation between the management and the Supervisory Board, the preservation of shareholder interests, and open and transparent corporate communications are vital aspects of sound corporate governance. This is the guiding principle for the Company's Supervisory Board and for the management of Borussia Dortmund Geschäftsführungs-GmbH in its capacity as the general partner of Borussia Dortmund GmbH & Co. KGaA.

General information on corporate governance at Borussia Dortmund GmbH & Co. KGaA

German stock corporation law sets out the statutory framework of corporate governance. Pursuant to § 161 AktG, the executive board and the supervisory board of a listed company are required to submit each year a declaration as to whether and to what extent that company has complied (retrospective) or will comply (forward-looking) with the recommendations of the "Government Commission of the German Corporate Governance Code" contained in the German Corporate Governance Code as published in the official section of the electronic Federal Gazette. Although companies may opt to deviate from the Code, they are then obligated to disclose this on an annual basis, providing an explanation for their non-compliance ("comply or explain"). This option exists to ensure that companies are able to meet industry- or company-specific requirements. A well-founded deviation from a recommendation of the Code may be in the interest of sound corporate governance.

The Code is reviewed on a regular basis and amended as required. It reflects basic statutory guidelines concerning the management and supervision of listed German companies as well as internationally and nationally recognised standards for sound and responsible corporate governance. In addition to formulating best practices for management, the Code is intended to ensure that corporate governance in Germany is transparent and open to scrutiny and to promote confidence in the management and supervision of listed German companies amongst international and national investors, customers, employees and the public.

A large number of the Code's recommendations (expressed using the word "shall") are intended exclusively for German stock corporations (*Aktiengesellschaft*, "AG"), meaning that they are either not applicable at all or must at best be applied *mutatis mutandis* to partnerships limited by shares (*Kommanditgesellschaft auf Aktien*, "KGaA"), i.e., our Company as well.

A KGaA is a hybrid corporate form combining elements of a German stock corporation and a limited partnership (*Kommanditgesellschaft*). It is a separate legal entity whose share capital is divided into shares which are held by at least one shareholder (the general partner) that has unlimited liability against creditors of the Company and limited partners (*Kommanditaktionäre*) that are not personally liable for the debts of the company (§ 278 (1) AktG).

The key differences between a KGaA and a German stock corporation can be characterised as follows:

- Borussia Dortmund GmbH & Co. KGaA does not have an executive board. Instead, the general partner, Borussia Dortmund Geschäftsführungs-GmbH, is solely responsible for its management and representation. This German limited liability company (*Gesellschaft mit beschränkter Haftung*, "GmbH") is in turn represented by one or more managing directors; its sole shareholder is Ballspielverein Borussia 09 e.V. Dortmund.
- The rights and duties of the KGaA's Supervisory Board, which is appointed by the Annual General Meeting, are limited. Specifically, it has no authority to appoint and dismiss Managing Directors of Borussia Dortmund Geschäftsführungs-GmbH or to stipulate the terms of their service agreements. Nor is the Supervisory Board authorised to adopt internal rules of procedure or a list of transactions requiring its consent on behalf of the general partner. Rather, such rights and duties are vested in the governing bodies of Borussia Dortmund Geschäftsführungs-GmbH, namely its Advisory Board and the Executive Committee created by the Advisory Board.
- Additional features specific to the KGaA's Annual General Meeting are set forth primarily in §§ 285 and 286 (1) AktG and in the Company's Articles of Association.

As a consequence, a Declaration of Conformity in accordance with § 161 AktG must be submitted by the management of the general partner and the Supervisory Board of Borussia Dortmund GmbH & Co. KGaA, taking into account the specific characteristics of the KGaA's legal form and the provisions of the Articles of Association.

In our assessment, the following recommendations of the Code are not applicable (including *mutatis mutandis*) to the specific characteristics of the KGaA legal form and the provisions of the Company's Articles of Association:

- The Code makes various recommendations to the Supervisory Board in respect of executive board remuneration, namely G.4, G.8 and G.13 of the Code. The Code makes a large number of other recommendations to the Supervisory Board in respect of the remuneration system for executive board members and/or the structure of their individual remuneration. As follows from the justification to the Code given by the Government Commission, all of these recommendations are based, either in

substance or method, on the statutory provisions for a German stock corporation (*Aktiengesellschaft*) under § 87 (1) of the German Stock Corporation Act (*Aktengesetz*, "AktG") and/or § 87a AktG. These statutory provisions are not applicable to our Company – either directly or *mutatis mutandis* – on account of its legal form, which we believe was a conscious decision on the part of the legislator. As such, recommendations G.1 to G.3, G.5 to G.7, G.9 to G.13, G.15 and G.16 of the Code are likewise not applicable to our Company. By contrast, Article 7 of the Company's Articles of Association stipulates that the general partner has a right to reimbursement of the staff and materials expenses incurred by it in the course of managing the Company, plus a commission amounting to 3% of the net profit for the year generated by the Company. Otherwise, the fixed and variable remuneration for the Managing Directors of Borussia Dortmund Geschäftsführungs-GmbH was and is resolved by the Executive Committee formed by that company, which also reviews the Managing Directors' employment agreements for appropriateness and compliance with standard market practice when entering into or extending them. For practical reasons, the recommendations of the Code with respect to the remuneration system for executive board members and/or executive board pay, and on the role of the Supervisory Board, which in some respects are considered to be over-regulation, have not been and will not be applied on a voluntary basis by the Executive Committee.

- In the interest of transparency, we nevertheless continue to disclose the remuneration of the individual Managing Directors of our Company's general partner, Borussia Dortmund Geschäftsführungs-GmbH, on a voluntary basis in the notes to the annual and consolidated financial statements; otherwise, reference is made to the remuneration report prepared for financial year 2025/2026 in accordance with § 162 in conjunction with § 278 (3) AktG.

Despite the specific characteristics of our Company's legal form, however, the following recommendations of the Code are applied *mutatis mutandis* or in modified form, which we do not consider a deviation from the Code:

- Long-term succession planning within the meaning of recommendation B.2, first half-sentence of the Code is the responsibility of the Managing Directors of the Company and – given that the Supervisory Board has no authority to appoint or dismiss personnel – the Executive Committee of Borussia Dortmund Geschäftsführungs-GmbH. This planning takes place in regular dialogue between the management and the Executive Committee, which determine profiles of skills and expertise for management personnel based on the corporate strategy and internal corporate structure and management, and monitor relevant internal and external candidates. In this respect, scouting is something we use not just to find talented new footballers, but also in our human resource planning. Efforts are also ongoing within the Company to nurture up-and-coming management talent, for example by means of further education. The Company can also rely on its network

and on outside service providers where necessary to recruit externally. The Executive Committee also acts to ensure sufficient diversity when staffing the management (recommendation B.1 of the Code).

- In the case of the first-time appointment of Managing Directors of Borussia Dortmund Geschäftsführungs-GmbH, the Executive Committee follows the recommendation B.3 of the Code, whereby executive board members at stock corporations should be appointed for a maximum of three years.
- In application *mutatis mutandis* of the recommendation D.6 of the Code, a regular time slot is reserved at Supervisory Board meetings for discussions without the Managing Directors of the general partner.
- Given that the Supervisory Board has no authority to appoint and dismiss Managing Directors of Borussia Dortmund Geschäftsführungs-GmbH or to stipulate the terms of their service agreements, not it but rather the Executive Committee of Borussia Dortmund Geschäftsführungs-GmbH is responsible for consenting to sideline activities of the Managing Directors of the general partner within the meaning of recommendation E.3 of the Code.

The Declaration of Conformity must be made permanently available to shareholders on the Company's website. It is published on the investor relations website, <https://aktie.bvb.de/en/>, under "Corporate Governance". In addition, the Declaration of Conformity submitted in July 2026, as reproduced below, is an integral part of this corporate governance declaration.

While the Company's corporate governance report presented here is published as part of the corporate governance declaration (on the Company's website <https://aktie.bvb.de/en/> under "Corporate Governance"/"Corporate Governance Declaration"), the corporate governance reports for the 2017/2018 and previous financial years were published in the annual reports for the respective financial years. These are available on our investor relations website <https://aktie.bvb.de/en/>, under "Publications".

Appropriateness and effectiveness of the internal control system, the compliance system and the risk management system

By taking an integrated governance, risk and compliance approach, management created a control framework for BVB aimed at an appropriate and effective internal control and risk management system. This was the intention behind creating the Compliance & Risk Management department, the internal control system (ICS) and Internal Audit and forming an Audit Committee from among the ranks of the Supervisory Board. In this context, independent monitoring and audits are also conducted, in particular by virtue of the audits conducted by Internal Audit and its reports to management and the Audit Committee of the Supervisory Board and by virtue of other external audits.

The internal control system (ICS) at the BVB Group includes controls and monitoring activities to ensure the effectiveness and efficiency of business processes, the propriety of the accounting and conformity of our activities with laws and guidelines. The ICS covers all material business processes and also includes controls beyond the accounting process. Our ICS provides for process-integrated and process-independent monitoring measures. These measures include both automated and manual controls such as:

- dual control;
- segregation of execution and approval functions;
- access controls to buildings and departments.

Based on its involvement with the internal control and risk management systems and the reports by Internal Audit, Management is not aware of any facts or circumstances that would suggest those systems as a whole are not appropriate and effective.

Our Company stands for more than 'just' football and takes its social responsibility seriously. Borussia Dortmund's holistic sustainability strategy focuses on the environmental, social and governance dimensions and is derived from the corporate strategy, in which we commit to conducting our business activities and relationships in a sustainable manner and recognise sustainable development as a guiding principle at a global level. Since the 2016/2017 season (initially on a voluntary basis), the club has published annual sustainability reports, which, since the 2017/2018 financial year, have included the Group's separate summary report in accordance with Sections 289b to 289e, 315b and 315c of the German Commercial Code (HGB). For the 2024/2025 season, the report was prepared outside the management report in accordance with the first set of European Standards on Sustainability Reporting (ESRS) and was subject to a limited assurance engagement by Deloitte GmbH Wirtschaftsprüfungsgesellschaft. The separate report contains information on all material sustainability issues relating to Borussia Dortmund, including details on the areas of compliance, regulatory adherence, risk management and good corporate governance.

The sustainability reports, as well as the latest supplementary information, are published on our website <https://aktie.bvb.de> under 'Corporate Governance' / 'Sustainability' and on <https://www.bvb.de/de/de/der-bvb/verantwortung.html>.

Moreover, we publish analysts' recommendations and research studies on our website <https://aktie.bvb.de/en/>, under "BVB Share"/"Capital Market View", in order to facilitate communication with market participants.

A considerable number of publications on our website have been and will continue to be made available in English.

The most recent resolution, adopted by the Annual General Meeting on 2 December 2021, on the remuneration of the members of the Supervisory Board and/or on their remuneration

system in accordance with § 113 (3) in conjunction with § 278 (3) AktG is publicly accessible on our website <https://aktie.bvb.de/en/> under "Corporate Governance"/"Remuneration System Supervisory Board". The remuneration report for the previous financial year and the auditor's report in accordance with § 162 in conjunction with § 278 (3) AktG is made publicly accessible on the website <https://aktie.bvb.de/en/> under "Corporate Governance"/"Remuneration Report".

The notes to the annual and consolidated financial statements and the management report contain further disclosures on the remuneration of the general partner and the members of the Supervisory Board, and the Annual Report contains disclosures on the ownership of Company shares by the general partner and members of its management and by the members of the Supervisory Board. Due to the specific characteristics of the KGaA legal form, there is still no legal obligation to disclose the remuneration of individual Managing Directors of the general partner of the Company, Borussia Dortmund Geschäftsführungs-GmbH. Nonetheless, as referred to above, in the interest of transparency, we have presented the remuneration of individual Managing Directors in the notes to the annual and consolidated financial statements on a voluntary basis.

DECLARATION OF CONFORMITY

by the management and by the Supervisory Board of Borussia Dortmund GmbH & Co. KGaA in accordance with § 161 AktG dated 24 July 2026

In accordance with § 161 of the German Stock Corporation Act (*Aktiengesetz*, "AktG"), the management of the general partner (Borussia Dortmund Geschäftsführungs-GmbH) and the Supervisory Board of Borussia Dortmund GmbH & Co. KGaA declare that since the last Declaration of Conformity was submitted on 18 July 2025, Borussia Dortmund GmbH & Co. KGaA complied and will continue to comply with the recommendations of the German Corporate Governance Code (the "Code") in the version dated 28 April 2022 (published in the Federal Gazette (*Bundesanzeiger*) on 27 June 2022), with the exception of the following deviations (please note that numerous recommendations of the Code, in particular those pertaining to the remuneration system for executive board members and/or executive board pay, are not applicable due to the specific characteristics of our Company's legal form as a partnership limited by shares (*Kommanditgesellschaft auf Aktien*, "KGaA"); the respective disclosures and explanations are given in the corporate governance declaration):

Re recommendation B.4: As in the past, the Executive Committee of Borussia Dortmund Geschäftsführungs-GmbH will continue to decide on the reappointment of its Managing Directors, including, even in the absence of special circumstances, prior to the end of one year before the end of the existing term of appointment. Given the specific features of the KGaA legal form and due to the desire for greater flexibility, it is not considered practicable to make any staffing decision based solely on timing and circumstances.

Re recommendation B.5: As in the past, the Executive Committee of Borussia Dortmund Geschäftsführungs-GmbH will continue to make decisions as to age limits for the Managing Directors of the general partner for upcoming (re-)appointments of Managing Directors, without generally stipulating an age limit to that extent. It is not considered practicable to set any age limits.

Re recommendations C.1 sentences 1 to 5 and C.2: The Supervisory Board has not set any concrete objectives regarding its composition, has not prepared a profile of skills and experience, and has not established an age limit for Supervisory Board members. Nor are there plans to do so going forward. The Supervisory Board's continuing preference is to decide on proposals relating to its composition on a case-by-case basis in light of specific situations. Consequently, no further information was or is reported on this recommendation or its compliance with it. Notwithstanding the foregoing, compliance with the requirement, issued by the legislator, that the target proportion of women on the Supervisory Board be defined, remains mandatory (§ 278 (3) and § 111 (5) AktG as well as § 289f (3) and (2) no. 4 HGB).

Re recommendation C.13: In its election proposals to the Annual General Meeting, the Supervisory Board does not disclose the personal and business relationships of every

candidate with the Company, the governing bodies of the Company and limited liability shareholders with a material interest in the Company (i.e., those holding more than 10% of voting shares). Nor are there plans to do so going forward. In its opinion, no secure legal practice exists with respect to this recommendation. The legal certainty of Supervisory Board elections took and takes a higher priority than any effort to make legally unnecessary disclosures in connection with nominations.

Re recommendation D.2 sentence 1 and D.4: Apart from the Audit Committee, the Supervisory Board has to date not formed any other committees and does not currently intend to do so in the future. This is because it wants any pending matters to be discussed, to the extent possible, by the full Supervisory Board. This applies in particular to waiving the formation of a nomination committee as per recommendation D.4, particularly given that the Supervisory Board already comprises solely shareholder representatives – which is a requirement of the Code when forming a nomination committee.

Re recommendation E.1 sentence 2: The Supervisory Board reserves the right to not comply with the recommendation that it report to the Annual General Meeting on conflicts of interest as they arise and how they are addressed. The principle of confidentiality of deliberations within the Supervisory Board (see § 116 sentence 2 AktG and principle 13 sentence 3 of the Code) will generally take precedence.
